Council quiz trustees on board policies

Representatives of Anson, Hindon and Minden townships on the Haliburton County Board of Education, Bonnie-Lee Berry and Brian Sisson, appeared before the municipal council Thursday evening to answer a series of questions on board matters. The questions, submitted to the trustees in advance by the councillors, covered a broad range of issues from declining enrolment, to busing costs to the salaries received by administration personnel.

The members of council appeared to be taken aback when they were told by Berry and Sisson that they would not disclose the salaries paid to administration officials by the board.

Berry said the question was brought to the attention of the entire board for consideration and it was felt that the salaries of head office administrative staff should not be made. Councillor Gary Kenney suggested that since teachers'

salaries are public information, the amounts paid to the administrative personnel should be made known as well. Berry responded by pointing out that specific teachers' salaries are not known although that since the grid used to determine a teacher's salary is public, it would not be difficult for someone to determine how much a teacher is paid.

Sisson suggested that if the councillor was interested in the salaries, "All you have to do is go to the office and ask." Kenney said he would follow through on that suggestion. "We are asked to collect the taxes which are spent by the board, I don't think it is out of line for us to know what these people are being paid."

Berry told the meeting that when she first joined the board she had the impression that the administration officials were well paid. "In talking with school board representatives from other areas, I have learned the salaries we pay are not out of

line." She said the administration staff are hard working and deserve the income they receive. Berry also pointed out that some of the responsibility normally carried by administrative personnel is shared by the principals.

Berry said she hoped the council had enough faith in

the representation of the two elected trustees and other members of the board to ensure the salaries of the administrative personnel are not out of line.

Councillor Kenney countered by saying the trustees mounted what he described as "such a defense" of the salaries being paid, without

revealing how much they are, that he was "suspicious" of the trustee's intentions. "It is public money being spent," the councillor pointed out.

Provincial help

The process by which the board of education received provincial grants and

subsidies was discussed. Berry noted that Haliburton County was a relatively "rich" area in terms of education assessment. The fact that the area has many vacation properties which, while contributing to the tax base, do not generally

(More on page 2)

1983 mill rates set by council

The Anson, Hindon and Minden mill rates have been set for 1983. The by-law setting the rates was passed at a special meeting of the council Thursday evening.

Residential

All residential mill rates will increase 41.740 mills an average of 9%. The mill rates set for the various areas of the community are as follows. The figure in the brackets is last year's mill rate:

- Area 1, Minden Village: 546.002 mills (504.262)
- Area 2, within a five mile radius of the village: 504.002 (462.262)
- Area 3, outside the five mile radius: 501.002 (459.262)
- Area 4, Carnarvon and Ingoldsby: 505.002 (463.262)
- Area 5, northwest Hindon Township: 491.002 (466.262)
- Area 6, Burns Subdivision: 508.002 (466.262)

Commercial

The commercial mill rates set for various areas of the township are as follows with the bracketed figure representing last year's rate:

- Area 1: 642.355 (593.230)
- Area 2: 592.943 (543.838)
- Area 3: 589.414 (540.308)
- Area 4: 594.120 (545.014)
- Area 5: 577.649 (528.544)
- Area 6: 597.649 (548.544)

Assessment in the township has increased by approximately \$25,000 carried totally by the residential sector. Commercial assessment dropped back by \$10,000. Residential assessment for 1983 is \$2,407,000 compared with \$2,366,000 the year before. Commercial assessment has dropped from \$233,000 in 1982 to \$223,000 this year. Business assessment is also off as a result down from \$77,785 in 1982 to \$74,855 this year.

In 1983 one mill raises \$2705.

Fire chief dies

Stanhope Fire Chief George Wilson died suddenly during the weekend. He was 55 years of age.

Mr. Wilson had been appointed fire chief for the municipality a little over three years ago. As well as serving as the township's fire chief, Mr. Wilson operated the Twin Rocks Resort on Buckslide Road.

He is survived by his wife, Mary, daughter Brenda (Mrs. Keith Newmark) and two grandsons. A funeral service will be held this evening (Wednesday) in Pickering, Mt. Wilson's home town, at the McEachnie Funeral Home at 9:30 p.m. A second service, at the Gordon Monk Funeral Home in Minden, will be held Thursday at 2 p.m. Interment will be at St. Peter's Cemetery, Maple Lake, on Friday afternoon.

Deputy Fire Chief, Bob Nagel, has taken command of the Stanhope Fire Department until the municipal council fills the vacancy left by the sudden death of the Fire Chief.

Bill Duncan and Wayne Cox of the Minden Agricultural Society to keep a close eye on the roast beef slowly turning over the barbeque pit. The pair were two of many society volunteers who helped prepare and serve a tasty roast beef dinner Saturday at the Minden arena.

Chamber will add new aspect

The Haliburton Highlands Chamber of Commerce has decided to provide space in its information office as part of the promotion of the new theme "Haliburton Highlands - a better place to live". The move is the immediate effort by the Chamber to develop the county's residential potential, said Chamber president Rhonda Elstone. She suggested more could be done in 1984.

At the May 26 meeting of Anson, Hindon and Minden council, the Chamber had

sent a letter to the municipality advising of this change in policy. The council, and particularly Councillor Gary Kenney, had questioned the Chamber's refusal to develop a campaign to advertise the residential opportunities of the county. The municipality has emphasized development as one of its policies.

The letter informed council the 1983 budget is already set but advised it that the matter would be considered for the 1984

presentation to county council.

"This should open some doors," said Kenney of the decision. On Tuesday he revealed he had received a letter from the Chamber of Commerce accepting his offer of assistance with the county's Economic Development Committee (EDC). Unfortunately, the EDC, the body responsible for encouraging development in Haliburton County is itself a victim of the economy. The budget for the committee was withdrawn. Presently

the only job for the committee is to determine its financial requirements and that decision will be made this fall.

Kenney noted little would be gained by Anson, Hindon and Minden to proceed without the official plan and zoning bylaw in place.

"Once the official plan and the bylaw are in place, we can put together a package to let it be known we're going after that sector of the economy pretty aggressively," he said.

Of streetcars and subways

A old man sits in a Toronto street car clutching his transfer. His long white beard and hair and pale face and the method of printing the black and white photograph, give him an ethereal quality.

This is one of the many photographs in the show recently opened at the Agnes Jamieson Gallery entitled "Transportation - a personal view" by photographer Irwin Karnick.

The show depicts various modes of public transportation from city buses in Peterborough and Ottawa to subways in Toronto and New York to VIA rail.

The turnout at the Thursday opening was described as disappointing. The 7:30 p.m. start found people at the gallery but attendance picked up as the evening went on, and though few stayed long, those present enjoyed the offering. Karnick was scheduled to be on hand for the entire evening but failed to appear until later.

The Karnick show spans two years. He took photographs in New York, Toronto, Quebec City, Montreal, Ottawa, Buffalo and Peterborough. His

Two members of the opening night audience examine a Karnick photograph of the New York subway system.

biography calls the show the culmination of two Ontario Arts Council grants and a Canada Council grant.

"Isn't that incredible," exclaimed one of those attending the opening, on reaching "Subway Entrance Panhandler", a picture of pathetic women clasping a few hard-won cigarette packages to herself.

Other highlights of the show include "Modern Woman Toronto" and "Modern Women New York", Karnick's concept of a representative woman of each city.

Lastly, there are two huge renditions of his work one in each of the two gallery rooms.

Karnick's work stimulates interest in his viewers because his subjects are primarily people. At points, attempts at other transportation elements, primarily of architecture, lack the impact he captures with his portraits of people.

The show, consisting of 49 black and white photographs, runs until July 5.

Trustees meet councillors

(From page 1)

increase the student population, means that Haliburton County is classed as an "affluent" area in the eyes of the provincial education authorities.

The province provides three-sevenths of the board's budget which this year is just over the \$7 million mark, the meeting was told.

It was pointed out that the board obtains little in the way of income from rental of school facilities. Sisson noted that the board charges an amount to recover the cost of extra staff needed when a function is taking place. "The school buildings have been paid for by the citizens of the community and we feel they should have access to them as inexpensively as possible." Berry noted the schools are in use almost every night of the week.

Since the major portion of the school board's budget is taken up in salaries, the councillors were also interested in the number of courses being offered through the system and the student-staff ratio in the schools.

Deputy Reeve Ed Pergolas asked the trustees if it was board policy to keep teachers on staff even though the enrolment in area schools is declining. Sisson pointed out that while enrolments may be going down, the Ministry of Education is placing new requirements on education officials. He pointed out the

board is required to retain certain specially trained teachers while continuing to provide classes in core subjects.

Berry said she felt a teacher-pupil ratio that was greater than 20 - 1 would result in poorer education for the students.

Sisson noted that while the province is asking the boards of education to add more special courses or programs, it is not backing up these requests with additional funding.

Pergolas suggested that when the education budget grows to more than 60% of the municipal tax levy, there would be a ratepayers' revolt. "Something has to be done," Pergolas stated.

Berry noted that while the school board is attempting to live by the restraint program proposed by the provincial government, it signed a contract with teachers last year which has an impact on the budget this year. The year's school budget increased by 12%.

Berry said she expected the benefits of budget tightening would be felt next year when the contracts with the teachers fall in line with government guidelines.

The trustee had some bad news as well. She related that she had just returned from a conference in Toronto at which members of the boards of education could meet informally with the Minister of Education, Bette Stephenson. Berry

said she was told by the minister that the restraint program would be dropped by the province next year. "I had hoped the program would remain in place, but that doesn't appear to be the case," she commented.

Busing

The councillors were also told that the board spends \$895,000 on busing in the county but that the province reimburses the board for 93% of the costs. It was pointed out that a special 15% subsidy was allowed for the county because of the provisional status. Berry noted that the provisional status is now history and the board will be watching to see if the extra grant is lost because of the change.

"We would like your support in objecting to the change if we are no longer eligible for the grant," Berry said.

Councillor Gary Kenney said there was a definite lack of communication and information about the board's activities. He suggested that a greater effort should be made to keep the public informed as to what is taking place with education in the county.

Both members of council and the trustees expressed satisfaction with the meeting saying the exchange had helped to clear up some questions. The trustees offered to be available to the councillors in the future to answer questions about the board's activities.

Lost in winter wallet returned

Paul March of the British Automobile Racing Association had given up hope when he left Minden after a busy weekend last winter. While he had come here to enjoy a weekend of car racing on ice, his fun was cut short when he lost his wallet. It contained identification, credit cards and cash.

After an extensive search, March gave the wallet up for lost, never expecting to see it again.

That expectation proved false this past week when the Minden detachment of the Ontario Provincial Police contacted him and told him the wallet had been found.

The missing wallet, which lay buried in the snow for the winter and emerged with the melt in the spring, was found by Brock Upton, of Minden. The wallet, a little worse for wear, was intact.

March told local ice racing enthusiasts Tom and Marg Prentice, that he had always enjoyed his visits to Minden for the races, especially the warm welcome offered by area residents. The most recent event has only added to March's assessment of the community and its citizens, especially Brock Upton.

Printmaker captures northern landscapes

"I'm still solving a lot of the excitement I feel trying to express myself through etchings," said printmaker George Raab just before temporarily excusing himself to quickly collect yet another cheese tidbit to which he had developed an addiction.

Raab was at the Rails' End Gallery in Haliburton last Saturday for the opening of his show of prints. The exhibit opened June 4 and runs until June 26.

Raab is not a stranger to the Haliburton County Guild of Fine Arts. He has taught classes for the school and has participated in exhibitions previously at the gallery.

The artist's work concentrates on the wilderness scenes in the Kawartha area around his home in Millbrook, near Peterborough. Details of the wood and rock which abound in the area are represented by his work as well as landscapes all displaying painstaking attention to detail.

Raab also had examples of a few departures from his usual style of printmaking on hand.

One of those departures features 18 prints all

concentrating on specific areas of various trees. All of the trees in the many plates used show some kind of mutilation, some of which are visually straightforward while Raab said other deformities have erotic overtones.

Another variation of his printmaking is a work of a sampling of the etchings he produced for a prose book he recently collaborated on with a friend. The book is called Words from the Elephant Man. The frame also contains two pieces from the Ken Sherman book.

Raab said he enjoyed adapting to the style prevalent in printmaking at the time of the Elephant Man. "People were very staid and posed while the streetscapes were not expressionistic, but very straightforward."

The last change in style and in medium and perhaps the most radical is the chalk drawing October Shore 1982. The drawing is one of a series produced after four years of etching. "I finally broke loose," said Raab of the change. He contrasted the effort and time required for one of his etchings, adding up to about three weeks of work, with the

George Raab explains his art during the opening Saturday at the Rails' End Gallery in Haliburton.

period of three or four days he used to produce the "instantly gratifying" chalk drawing.

Raab started his work in the centuries old discipline in the late sixties during a stint at the University of Toronto and in the print course at Sheridan College. At that time he also painted and did silk screens.

Two years of travel helped him develop an interest in photography. He found events around him changed too rapidly for him to successfully sketch and turned to the camera to record them. Now Raab uses the negatives in his work to assist with the details in his etchings.

The broad term for etching is intaglio, which is Italian for cut or carve, said Raab. Within this form there are three basic techniques. Etching requires an acid to bite lines into the metal, engraving calls for carving directly into the metal and aquatinting is a method of creating tones with a resin powder. "Rembrandt was one of the first people to use etching, purely creatively," said Raab.

Raab summed up his art during his short talk to the people attending opening day. "I look for subtle, more obscure elements of landscapes. They all have a sort of silence."

AHM agenda

The agenda for the regular Anson, Hindon and Minden council meeting to be held in the Municipal Council Chambers on Thursday, June 9, 1983 at 10:00 a.m.

1. Adoption of minutes.

Delegations

2. 10:00 a.m. - Spokesperson from B.I.A. re. Main Street Improvements.

3. 11:00 a.m. - Peter Hynard, M.N.R. re: a by-law to restrict and regulate the destruction of trees.

4. 1:30 p.m. - Gary Anderson re: computer system for municipal offices.

5. Correspondence.

Other matters

6. Report re: request to

pass a resolution prohibiting an old travelled roadway from being barricaded. ie. Lots 17 and 18, Concessions VI and VII Twp. of Minden.

7. P.W.D. accounts.

8. General, Water and Sewer accounts.

9. Review Applications for Internship program.

By-laws

10. By-law 83-12 - Being a by-law to regulate traffic and parking in the Townships of Anson, Hindon and Minden.

11. By-law 83-13 - Being a by-law to regulate the use of land in Part of Lot 5, Concession A, Township of Minden.

12. Other business.

13. Adjournment.

May Weather

- by Phil Graham -

	C	F
Average high	16	60.8
Average low	2.8	37
Average for month	9.4	49
Average for last May	13.7	56.6
Highest temperature, May 13	25.5	80
Lowest temperature, May 17	-5.5	22.1
Rainfall	187.2 mm	7.3 in.
Days with rain	14	
Days with thunderstorms	3	
Days mostly sunny	8	

May weather left a lot to be desired. Mostly cloudy, cool and with much above average rainfall at 7.3 inches. The average temperature for the month was 6.6 degrees centigrade (12 degrees F) below last May.

Home show opens Friday

Haliburton County residents will have an opportunity to get a closer look at what's new in home and vacations, all under one roof, this weekend. The occasion is the fifth annual Haliburton Kinsmen Club Home and Vacation Show.

The popular event is back at the Dysart arena with numerous area merchants planning to be on hand to display their wares. The setting will give shoppers an excellent opportunity to do some comparison shopping while not having to troop from store to store.

Admission to the show is free and there will be a number of free draws as well. Saturday evening, a special Home Show dance will be held at the Dysart Community Centre.

The Home and Vacation Show opens Friday at noon and continues under 9 p.m. Saturday the show opens at 9 a.m. and continues through to 9 p.m. The Sunday opening is at 12 noon with the event winding down at 4 p.m.

editorial

Serious consequences

Articles in two of Canada's leading daily newspapers this past weekend pointed out problems, that while they have a nation-wide impact, also have direct consequences for Haliburton County and its economic future.

A report in the Toronto Globe and Mail noted that since 1967, the nation's centennial year, Canada has suffered from a deficit in tourism spending. While a portion of the blame can be attributed to the desire of Canadians to enjoy a mid-winter break in the sunny south, the federal government's lack of effort in promoting this country as a holiday destination has had a major detrimental impact as well. As a matter of fact, Ontario, in promoting the province, spends almost half what the federal government does in promoting the entire country. Surely greater support from the federal authorities would enhance and amplify the current efforts being made here in Ontario and by other provinces across the country.

The lack of federal support hurts Haliburton County tourist operators in their efforts to attract overseas visitors. Europeans, Japanese and United States residents could be enticed to visit our country but the proper promotional and back-up effort is lacking, principally from the federal government. It's time the areas, such as our own, which rely on tourism for a major part of its economic well-being, let the federal authorities know that tourism promotion will return dividends which could help move this country's economy out of the present depressed state.

The second article we refer to appeared in the Toronto Star. It examined the death of one lake in the province, indicating that the tragic impact of acid rain was a wide-spread phenomenon which was slowly killing countless lakes throughout Ontario. There is no need here to expound on the impact of acid rain in the Highlands, its affects are already well known.

What is worth noting however, is the situation is getting worse and pressure being applied by the federal government appears to be having little impact south of the border. Controls within the province as well leave a great deal to be desired if we are ever to show industry in the U.S. this country and province is serious in its fight against acid rain.

The loss of the battle for international tourism revenue and the devastating impact of acid rain are going to cost this country dearly. Concerted federal, provincial and regional efforts will be needed if headway is to be made in attracting more people to Canada and ensuring we have a viable environment to show them when they get here.

coming up

The Minden Scouting going-up ceremony has been postponed until June 15 at 6:30 p.m. at Archie Stouffer School.

Wednesday, June 15 - General Agricultural meeting at 7:30 p.m. in the Fair building.

Silent sentinel

Pornography vs censorship

- by John Eakins, M.P.P. -

Our Caucus has endorsed in principle the Report on Pornography and Censorship of our Ontario Women's Perspective Advisory Committee. As David Peterson pointed out at his news conference on the question, there are appalling-even frightening-differences between much of today's pornographic material and the comparatively harmless 'old-fashioned' soft porn of a few years ago. There is absolutely no comparison between the stag movies and 'girlie' magazines of yesterday and the violent, degrading, bestial type of pornographic material which is now available... material which is totally offensive to the majority of men as well as to women.

In the course of presenting its report and recommendations to our Caucus, the Advisory Committee arranged a meeting between Caucus Members and police officers from Metro's "Project P". Caucus Members were brought shockingly up-to-date with recent developments in the field of pornography.

In coming to grips with

the growing menace of the "new" pornography, we must give urgent attention to the complex question of developing an effective method of reconciling the crucial and urgent need to tackle this problem head on and our inherent abhorrence, as a democratic society, of the concept of censorship, with all that entails.

The Advisory Committee recommended changes in the definition of "obscene" under Canada's Criminal Code, and in the Customs Tariff Act which covers entrance of materials into Canada. At the provincial level, it called for the Attorney-General to exercise his prosecutorial discretion to prefer indictment and consider greater penalties in the interests of general and specific deterrence. Similarly, the Solicitor-General should exercise his responsibility over law enforcement to enforce more aggressively the provision of Section 168 of the Code, particularly with respect to broadcasters and filmmakers. Also recommended is amendment of the Muni-

cipal Act to make its provisions mandatory rather than permissive, and opaque barriers at a height of no less than five feet for adult publications.

It's recommended that the jurisdiction of the Ontario Board of Censors be extended to include commercially produced videotapes.

Editor:

"Around the County Town" is part of the newspaper that I always read and used to enjoy very much.

I agree with the comments made by W.H. Ingram in last week's (May 18) paper 100%.

Gwen Woodard,
Minden, Ont.

Editor:

I must tell you how much I have enjoyed the ongoing editorial page exchange between Mr. Ingram and Mrs. Harrison on the subject of Yvonne Guida's column, Around the County Town. Mr. Ingram's June analogy of Mrs. Harrison's eulogy to Yvonne was especially effective.

As for Yvonne's column, I must confess that I am an avid fan. It lends a most convincing hayseed air to your newspaper that must surely appeal to your urban-jaded summer circulation. After Yvonne, The Globe's Zena Cherry and Joanne Kates seem so ordinary.

Peter Hynard,
Minden.

Editor:

In reference to my letter May 25 I did not intend to have it turn into a near conquest or a slap on the wrist situation. I am sure people don't want to read ill-feelings one person has for another.

World conditions today are very grim any way you look at it. But in these Highlands of Haliburton we can feel secure. The country is so beautiful, the trees are green with leaves and alive with precious little birds, singing pretty songs.

My belief is to try to be nice to people at all times, give everyone you see a

New Zealand student enjoys winter

Helen Lowe, a 17 year old student from New Zealand is spending a year in Minden as part of the Rotary International youth exchange program.

There is at least one individual in Minden, who, coming from a climate similar to that of California, is eager to experience a real Canadian winter.

Helen Lowe, a high school student from New Zealand said one of the main reasons she wanted to visit this part of the world was to discover what winter was all about. "Snow is a totally new experience for me," Helen states. "I've only touched it twice before coming here, so you can understand why I was looking forward to coming to Minden."

Helen is a Rotary exchange student whose home town of Taradale, is located on the eastern side of the North Island, New Zealand. Her year-long stay in Minden is sponsored by the local Rotary Club.

"I remember when we flew into Toronto in January, I looked out the window and saw the ground was covered with snow. I couldn't believe it. I was so excited," Helen recalls.

While the last winter was not one of the most snowy in this area, Helen was still enchanted by our meagre covering. During the remaining winter season she had an opportunity to try downhill and cross-country skiing, curling, ice fishing, tobogganing, snowmobiling and ice skating. The list of activities is an indication of the vigour with which Helen threw herself into the winter season.

In contrast to a Haliburton County winter, Helen's home town is located in one of the sunniest, warmest parts of New Zealand. Taradale, which was once an independent community, has been swallowed up by the neighbouring city of Napier with a total population of 40,000. But Taradale has maintained its own identity. "Taradale is in the middle of an agricultural area," Helen said. "It's not as urban as Minden but it has its own character. For example, milk delivery in the community is still done

by horse and cart." The area where her hometown is located is also well known for its vineyards. The community is about 15 minutes from the South Pacific coast.

While staying in Minden, Helen is attending Haliburton Highlands Secondary School. She hopes to earn a number of credits during her year even though her visit spans two school years. Helen, who is 17, has

already obtained her university entrance certificate in New Zealand. Although she is uncertain which career she might pursue, she is interested in obtaining a Bachelor of

Science degree perhaps in biology or oceanography.

Helen's stay in Minden has provided her with a base for travels to other parts of the province. She's travelled to Peterborough, Quebec

City, Ottawa, Toronto, Gravenhurst, Stoney Creek, Niagara Falls, Sarnia and Brockville among others.

"I've visited Niagara Falls three times," Helen said. "It is a favourite location of mine".

As well as seeing our country, Helen is an ambassador for New Zealand. She has spoken to various clubs and groups in the area, showing them slides of various features of New Zealand. She tailors the talk to the age and interest of the group she is addressing.

Of course, Helen rarely fails to point out that New Zealand is a major sheep raising country. She relates that while the country has a population of three million, there are 60 million sheep. Helen notes that the population of Toronto is the same as her native land.

"You learn a lot about your own country by travelling," Helen admits. "Answering questions about New Zealand has really made me aware of many aspects about my country".

One feature of her home

country that Helen doesn't miss is the fact it is located in a major earthquake zone. "We experience about five earthquakes a year," Helen explains, "and I hate them." She notes the tremors rarely cause any serious damage but she still finds it disconcerting to find the building she is in at the time starting to quiver and shake. "I find it quite frightening, although many others don't seem very concerned at all." Helen is pleased to know that this part of the world is earthquake-free.

During her stay in Minden, Helen has been staying with various members of the Rotary Club. Four host families share the responsibility of providing Helen with a home during her year here. "I've met some great people in Minden," Helen volunteers. "It has been a wonderful experience. I've really enjoyed it."

Helen heads home next January after having another opportunity to experience the fun of a Canadian winter.

from the chamber

The 71st Annual Ontario Chamber of Commerce Convention was held last week in Sudbury, Ontario and the red carpet was laid out in grand style by Sudbury residents for the delegates in attendance. It seems everyone in the area is dedicated to the cause of overcoming the negative image that Sudbury has had over the years, and replacing it with one of warmth and hospitality along with a very genuine pride in their community. Nowhere has the Ontario Chamber Convention received such a welcome from a host city.

One of the highlights for us of course, was the recognition accorded our Chamber by the presentation of the President's Award for "Outstanding Achievement". This award was presented to president Rhonda Elstone at the final Chamber banquet for the unique plastic bag coming events program the Chamber initiated this year.

The policy session of the convention takes a full half day each year and involves consideration of recommendations provided by community chambers such as ours. This year there were 41 policy recommendations submitted. Our Chamber submitted four and all but one were adopted. This means that the Ontario Chamber executive committee will be doing further lobbying on our behalf in regard to these particular resolutions.

Two of our resolutions dealt with TV Ontario and ask that the province supply adequate funding so that the present level of educational programming could be maintained or exceeded, and that the network be further developed so that all persons in the province have equal access to the signal.

Another resolution was prepared in consultation with Haliburton Highlands Anti-Pollution Committee in regard to the limestone treatment of lakes. It recommended that "Treatment should be commenced on dying, rather than dead lakes in order to both save the lakes and gather important data on the effects of the treatments of existing fish and wildlife. Treatments should also be done in the winter since that treatment (a) has proven more effective (b) is far less expensive (c) provides winter work in areas of high winter unemployment."

Our fourth resolution dealing with Municipal Tax Rebates on private land utilized for approved forest management was not adopted. The resolution sought increased rebates to resident land owners and at least some rebate to non resident land owners who

now receive no incentive. We were disappointed that this resolution was not adopted but our own Chamber will continue lobbying, in this regard.

Seven provincial cabinet ministers plus David Peterson, leader of the opposition, addressed the delegates during this convention and a common thread ran throughout all of their presentations. All agreed that the worst of the recession is over and expressed optimism about the future. The term "Lean & Mean" turned up a number of times in references to the new look of many of the businesses that survived the recession. The bottom line was that there were many lessons learned or to be learned, by businesses and labour alike through these hardships, and with a new understanding and spirit of co-operation we could achieve great things in the forthcoming years.

They're hearing about us

We were impressed when in Sudbury by the fact that we hardly ever meet anybody anymore who has never heard of Haliburton Highlands. Part of the reason, we would hope, is the major promotional activities the Chamber has been involved in as of late, but part of it also will be due to the type of publicity that some of our activities has generated.

Within the last few weeks a lot of media coverage was given to the unveiling ceremony featuring the Honourable Claude Bennett in front of our County office in Minden. The Toronto Star carried a picture of Mr. Bennett, County Clerk Win Lahay and Warden Bill Howe on this important day. C.K.C.O. T.V. carried the event and also did a feature story on our new Hospitality Training Centre in Haliburton Village. The Globe and Mail has also done two articles on our area very recently, and Bruce Potter, our former tourism consultant was interviewed on C.K.P.T. in Peterborough and had some extremely nice things to say on our County.

Every little bit helps.

White water dates changed again

The high water levels in Minden area have been causing no end of problems to residents and businesses and cottagers. They have also had a great deal of difficulty at the Minden White Water Park where the annual slalom competition was to be held. They have been twice scheduled and twice postponed because the rate of water flow is far too high to carry out the competition with a reasonable degree of safety. They

are now scheduled for the weekend of June 18th and 19th with the practice runs on the afternoon of the 18th and the competition running from 9 a.m. to 4:30 p.m. on the 19th. The organizers have promised to advise the Chamber of any last minute changes in this schedule so anyone wishing to confirm these times is invited to contact the Chamber of Commerce for this purpose.

This and that

Congratulations to Curry Motors celebrating their 60th anniversary of doing business in the Highlands. They have certainly been a major force in the development of Haliburton over the past 60 years and we expect they will also continue to do so for at least the next 60.

Those driving past the PineStone Inn over the last few weeks have noticed what appears to be some cottages being built around PineStone Lake. Actually the building that can be seen to the east of the main hotel is an addition to their golf clubhouse which we understand will provide golfers with their own lounge facilities. The other buildings to the west are the new executive chalet units which are designed to provide more of a resort atmosphere coupled with a good degree of luxury.

The Beaverbrook Golf Course in Minden is now putting the finishing touches on their new dining room and clubhouse and will be holding their official opening on July 1.

Bonnie View has now been sold and new owners, Margaret & John Salmon will be taking over operations as of June 15. They are moving to the Highlands from Orillia and they are looking forward with great anticipation to their venture into the resort industry. We hope you will join us in welcoming them to the community.

It seems like every day there's something new at the Brown Owl, first it was their salad bar which appeared in the owl's nest then within a few days new comfortable seating adorned the same area. Now a buffet counter has been added for hot meals, luncheons and breakfasts and a new sign has just been erected out by the gas pumps. Haliburton County now has its first Petro Canada gas outlet.

Across the road at the Red & White plaza all the stores now have tenants. The latest business to move in is Moynes Furniture Warehouse, who feature a complete line of home furnishings, new or used, and they buy, sell or trade. They do have a fine selection in their new facilities and we certainly welcome Bob and Mary to our business community. Please drop in and say hello and welcome them.

Tartan Crafts is a part time business operated by Mary Hincks, who incidentally is a sister of our county clerk Win Lahay. Mary and her husband have purchased a cottage on Lake Kasha-

gawigamog and she is developing the most interesting selection of Tartan gifts featuring, of course, our Haliburton Tartan. She presently has hasty-notes, two small dolls, address books and a wall plaque. Her products are available at Paulette's, Sandalwood, Brohms, the Nuthatch and Pine Shop. Others interested in carrying her products may reach her in Haliburton at 457-2516 or Newmarket 898-4801.

See you at the show

This weekend the Kinsmen Home & Cottage show gets underway at the arena on Friday afternoon. The Chamber will be there and we will be featuring discount coupon books for the brand new "Shop & Deal in the Highlands" campaign. Be sure and drop by to find out all about how you can save as much as \$550 for an investment of only \$5.00.

We'll also be distributing trade dollars at the show and we would suggest that you don't leave it too long before getting yours. We are getting them spread around the County as quickly as possible and at the time of writing are pleased to provide you with the following list of outlets: The Chamber Office, the Information Caboose, The Brown Owl Restaurant, Kozy Korner Restaurant, Fireside Restaurant, Black's Hardware, Stedman's Department Stores, Minden Drug Store, Sandalwood Gifts, Bennett Motors and Curry Motors.

Here is what you think

Last week we asked our readers to comment on the new Minden signs installed at the entrances to the community. For this topic we agreed to accept signed and unsigned letters. The following are comments received this past week. Due to the response to this topic, the opportunity to comment has been extended one more week. Send your comments to The Times, Box 678, Minden.

To Whom It May Concern:

Regarding the signs to the entrance of Minden - with all the open spaces around I think it ridiculous to see the "Minden" signs standing on one end.

It would be so much nicer to read the word "MINDEN" horizontally.

We have such a great town, please do not spoil it in this manner.

Dear Sir:

At last!!! A sign that I can read without any trouble. Thanks Minden.

Gratefully yours,
D.I.S. Lexia.

Editor:

My opinion on the "Minden" signs is that the signs are excellently crafted and nice looking. However, being a Senior Citizen, having been born and raised in Minden, I really disapprove of having to lie down on one side to read the word Minden. Couldn't it have read straight up and down or are they hung wrong? Maybe lengthwise would have been better.

Editor:

I personally think the new signs are extremely attractive and add a "touch of class" to our little town. My hat is off to the Minden B.I.A.

You deserve both credit and thanks for your effort and expense.

Dear Sir:

I wish to thank Minden for writing the Signs with the letters on their sides.

You would not know the number of times I have found myself lying by the roadside, in a mild state of inebriation, trying to figure out which town I am in. It requires no great effort on those of us who find ourselves prostrate, to read your new signs.

Sincere thanks, from all of us to all of you.

Bud Weiser

Gentlemen:

Your open invitation to comment on the New Minden Signs is most welcome. We have passed these signs numerous times, and each time we get more upset; the design and the location leave a lot to be desired.

We realize the location is limited by the M.T.C., but the design leaves us cold, and is most uninteresting. Perhaps the sign would be more desirable if it had been made in the form of an arch-way?, i.e. turning the sign 90 degrees, or horizontal?

This type of design would be more easily seen from Highway 35 both northbound as well as southbound, and we feel would be most complimentary to both Minden as well as the Area.

Joyce Wiltshire
Bob Wiltshire

Dear Sir:

We are most grateful to Minden for recognizing the rights of minority groups. Up till the present time, all signs are printed with the letters in the upright position; this causes great difficulty to our members who, because of medical problems, are forced to keep our heads tilted to one side.

Now at last we have a sign we can read in the "natural" position.
Way to go Minden.

I. Bendover,
Canadian Torticollis Association.

Editor:

I'm sure that the BIA has it's heart in the right place, but I rather suspect that their limited funds could have been spent to make Minden more appealing in a more effective and tasteful fashion. (Or, alternatively, they could have saved their money altogether).
Your humble servant, etc., etc.

Editor:

In regard to your article entitled "What Do You Think?"

Not only do these signs not appeal to me, but they raise a large number of questions.

First of all, why ask us what we think, isn't it a little late after the job is complete?

Why is it that the townspeople are never aware of such unnecessary spending of the taxpayers dollars? And why is Minden written sideways and so close together that you can't tell what it says? Or is that "Minden" in Chinese? And why four signs? Wouldn't two have been sufficient? And if we must have four, why not make them double sided so that those who do figure out that it says Minden can read it coming out of town as well as going in?

And not being aware of "how much was spent" on them, isn't there something a little more important the money could have been used for?

And one final question, are they securely fastened, so they won't float away?

Editor:

Here is my opinion on the newly erected signs at the entrances of Minden.

The signs are absolutely hideous. The Minden B.I.A. have had some great ideas on improving Minden and have done some excellent work in the past however, this time they have gone one step too far.

I understood the purpose of the B.I.A. was to improve the "look" of our town to attract tourist to this area. These "ugly" signs are not only degrading to the town; but show a lack of intelligence for the people who live here.

The fact that the signs are not legible justifies this statement. Tourists unfamiliar with this area would never guess that these signs actually read Minden.

However, my main concerns are not that the signs are not legible, but that I feel that the money could have been spent more wisely.

I believe that every member of this community will agree that one of, if not the main concern, should lie in the reconstruction and/or resurfacing of our municipal roads. If our roads were in better repair not only would the local people be satisfied but the visiting tourist would return for a second time.

Therefore, no matter how beautiful (or in my opinion ugly) these signs may be, people will hardly have a chance to notice them as long as they are concentrating on dodging potholes and bumps in our municipal roads.

Editor:

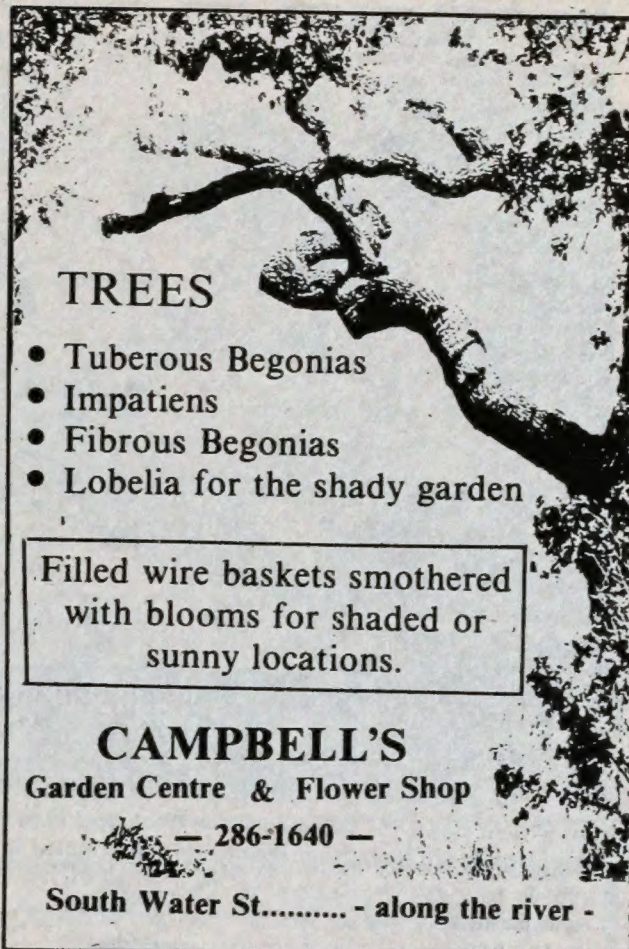

What a terrible waste of money the new MINDEN "markers" are.

For many driving through our town they will look like hieroglyphics. (Who expects to lie on their side to read a destination sign?)

For others it will appear that the installers stopped to imbibe on the way to the job.

Or possibly we can let the tourists make up their own minds by placing an arrow on each sign -

We love our Town but don't enjoy being the butt of jokes!

Six months on gun charge

A Toronto man has been sentenced to six months in jail following an incident in March in which a local resident was threatened with a pistol.

The incident happened March 20. Anthony Laberge was travelling north from Kinmount on Highway 121 when he picked up a hitch hiker, later identified as Christopher Lindsay, 19. As they neared Minden, Laberge noted the butt end of a pistol protruding from the youth's belt.

On the pretext of stopping to chat with a friend, Laberge got out of the car near Horseshoe Lake Road

One and Highway 35. Lindsay brandished the gun as the driver stopped the car, but Laberge got out anyway and notified the police as to what had transpired.

Lindsay took control of the car and continued north but was stopped a short time later by the OPP at Halls Lake.

The pistol turned out to be a starter's gun.

In addition to facing a six month jail term, Lindsay was placed on probation for two years.

The incident was investigated by Constable Jim Solway and Glenn Irving.

Brian Miscio clears the bar during the track and field competitions held at Archie Stouffer Elementary School Friday. Senior students from the school participated in a number of events during the day.

BRUSH CLEARING

Ontario Hydro invites contractors to submit tenders for brush clearing of approximately 35 Ha in the Minden area.

As a prerequisite to submitting a tender, a company representative must tour the site accompanied by an Ontario Hydro representative. Such a site tour is scheduled to convene at the Minden Area Office on Wednesday, June 22, 1983 at 9:00 a.m. Further details regarding arrangements to attend are contained in the tendering documents. Contact D.A. Mann (705) 286-1397 to confirm attendance.

Work is to commence mid September 1983 and is to be completed mid November 1983.

Tenders will be received up to 2 p.m. local time, Wednesday, August 3, 1983.

Tendering documents may be obtained

• From:

700 University Avenue,
Toronto
6th Floor Reception Desk

or Minden Area Office

• Write:

Ontario Hydro
Attn: J.D. Garry
H6 C26
700 University Avenue
Toronto, Ontario M5G 1X6

• Phone:

(416) 592-3593

The successful tenderer may be required to furnish a performance bond. Further details are contained in the tendering documents.

The lowest or any tender will not necessarily be accepted.

smile, compliment them when deserving, say what a good job they are doing, give them a word of encouragement. Don't wait for them to pass away, and then say what a wonderful person they were. A compliment is great medicine.

Yvonne is doing a great column.

When I read what Mr. Ingram wrote, quote "sick to death" unquote, I just felt I wanted it to be known what a lovely lady Yvonne is. Those who know her will agree and goodness knows she is well known and liked in the community.

Mrs. Velma Harrison,
Maple Lake

Editor:

I had the pleasure and privilege of attending the Agnes Jamieson Gallery on June 2 to view the talented photography of Irwin Karnick.

From an amateur's point of view I was able to relate in regards to comparison between the differences and qualities of the Toronto Transit Commission and that of the New York City subway systems. It was a pleasure to be able to view candid photography in lieu of posed photography.

With the discussions and view of other visitors at the Gallery who shared my opinions, my thanks go to Mrs. Yvonne Guida and her committee for scheduling a fine exhibition at the Gallery.

Robert G. McNab,
Minden.

Hustlers still undefeated

The Rockcliffe boys made it three in a row as they whipped the visiting Pontypool squad in a rare Sunday afternoon contest by the score of 6 - 1.

Big Jack (Snell) as he is known to the rest of his team, tossed a two hitter against the previously unbeaten visitors and picked up his third win of the young season.

The Pontypool boys put up a stubborn performance until the third inning when the locals picked up three runs on singles by Rick Hartwick and Barry Shaw and two doubles by Bernie Nicholls and Dave Hartwick. Pontypool got their only run on a homer in the fifth inning to tighten the score to 3 - 1 but the locals bounced back in the last half of the inning with two runs on singles by Snell, Nicholls and Collin Newell with his second hit of the game to lead 5 - 1.

Wednesday game

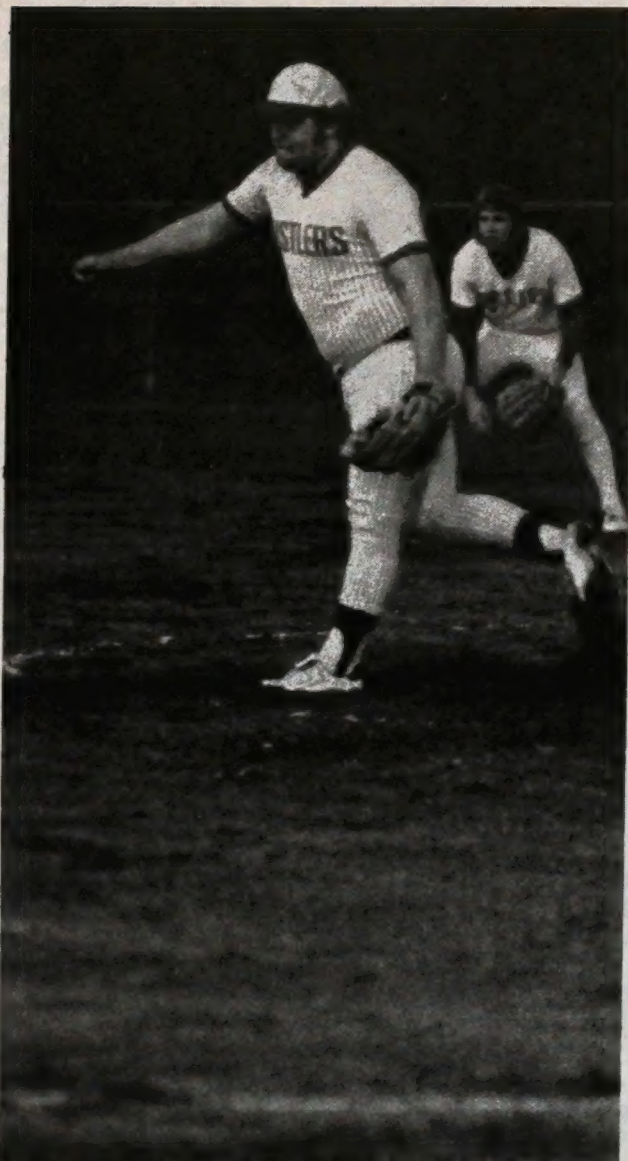

Playing before a small crowd last Wednesday evening the Rockcliffe Hustlers nipped Turbo by the score of 6 - 2. The game was a very close contest until

the last of the third inning when the Hustlers picked up two runs on a walk to Rick Hartwick and a towering home run by Barry Shaw.

Shaw who also started on the mound, held the visitors at bay until the fifth inning when Lindsay picked up two runs on a walk and two straight doubles to tie the score. Manager Neil Burk then made a pitching change as he brought in his hard throwing ace Jack Snell who promptly retired the side. The Hustlers came back in the last of the fifth with three runs on a single, a walk and doubles by Bernie Nicholls and Dave Dollo. They added another run in the sixth on doubles by Rick Hartwick and Nicholls.

Winning Pitcher was Snell in relief with Mike March taking the loss for turbo.

The next game for the Hustlers is this Wednesday, June 8 against Lindsay York Tavern (last year's finalists) at 8:00 p.m. at Minden Ball Park. The locals play every Wednesday night and could really use some local crowd support and you could possibly pick up an autograph from Bernie (L. A. Kings) Nicholls.

Hustlers pitcher Barry Shaw delivers from the mound during a Tri-County game last Wednesday. Shaw was replaced by Jack Snell before the Hustlers defeated Turbo of Lindsay 6-2.

Hustlers sched.

The following is the Tri-County Industrial Baseball League schedule for the coming summer. The schedule features the Minden Rockcliffe Foamblowers games. All home games will be held at the Minden ball diamond behind the arena. Game time is 8 p.m.

Wed., June 8	8:00 York at Minden
Sun., June 12	8:00 Minden at Downeyville
Tues., June 14	8:30 Minden at York
Wed., June 22	8:00 Downeyville at Minden
Thurs., June 23	8:30 Minden at Woodville
Tues., June 28	8:30 Minden at Trent Valley Trojans
Wed., June 29	8:00 Bobcaygeon at Minden
Tues., July 5	8:30 Minden at Turbo
Wed., July 6	8:00 Pontypool at Minden

"SOMETHING FOR EVERYONE"

Seniors lead ladies' league

- by Lori Dean -

The Minden Seniors continue winning in the Haliburton County Ladies Softball League. They won their third game of the schedule last Monday night (May 30) as they bounced the Minden Juniors to the tune of 15 - 10. The Seniors had a good night at the plate from Rhonda Wilson, Lori Brown and Lorna Wilson with Ann Hewson claiming the win.

On the other side of the score book the Minden Juniors were pleased to have Anita Beaver and Darlene Pettis on their side as they both had a good night at the plate. Andrea Burk and Cheryl Dillon took the loss for the Juniors.

Wednesday night (June 1) West Guilford travelled to Haliburton to take on the Juniors in the first late scheduled game of the season. The game was well played for the first five innings but the bottom fell out for Haliburton as Cheryl Cooper and Michelle Rosenberg picked up hot bats. Pam Iles had a hot bat of her own as she scored two runs for Haliburton. Joan McKay was the winning pitcher for Guilford while Marg Smith took the loss. Final score was 13 - 4 for West Guilford.

Also on Wednesday night the much improved Wilberforce ladies took on the Minden Juniors in a very exciting game played in Wilberforce.

Minden took a three run lead in the first inning on runs by Wendy Ballantyne, Anita Beaver and Darlene Pettis but Wilberforce fought back and matched their three runs in the third inning. That's when Kris Storey went to work and belted a home run and added two triples to help Wilberforce to a 10 - 9 win. Caroline Andrus pulled off a spectacular right field catch to end the game.

The winning pitcher was Sue Musclow while Andrea Burk took the loss.

Two rained out games from last week will be played at a later date. They are Minden Seniors vs. Haliburton Seniors and Wilberforce vs. Carnarvon.

The standings as of June 1 are as follows: Minden Seniors 6 points; Wilberforce 4 points; West Guilford 4 points; Haliburton Seniors 0 points; Minden Juniors 0 points; Haliburton Juniors 0 points; Carnarvon 0 points.

Help your Heart Fund
Help your Heart

Andrea Burke was on the mound for the Minden Juniors when they went down to a 15-10 defeat at the hands of the Minden Seniors. The Seniors lead the county ladies league with six points.

Huntsville downs Haliburton 5-1

The Haliburton County soccer team dropped its fourth game in as many played June 5 as it hosted Huntsville at the field at the Haliburton Highlands Secondary School. The final score was 5-1.

Jim Milne of the club said the team kept pace with

Huntsville until the second half began. Huntsville scored the first goal about 20 minutes into the first half and Ivor Thompson, Haliburton's most experienced player evened things up about 10 minutes later. By the end of the first half, the score was a close 2-1.

Milne noted the team was encouraged by the good crowd attending the home game Sunday.

Several players have been steadily improving throughout the first part of the season. "Andrew Shapiera

has been playing in goal. He's starting to pick up and take charge of the defence," a pleased Milne noted.

Other players doing well are Kevin Warburton ("he's quite a competitor") and Tim Davies ("a powerful kick") in his first game.

The team is practicing Thursday in Haliburton and plays Parry Sound, last year's league winners on Sunday. The Thursday following that game they practice in Minden at Archie Stouffer Elementary School. The next home game is June 19 against Orillia City at the high school field.

Milne revealed some thought has gone into setting up exhibition games for 14 and 15 year old soccer players not with the Haliburton team. He said as many as six games could be arranged including two with Peterborough.

Mike Hatkoski, in the dark jersey, chases a Huntsville player during a league soccer game Sunday at the high school field. The local team were defeated by the visitors, 5-1 after the Haliburton players put on a strong first half effort.

Martial arts competition held

The Minden Fitness and Self-Defense Club sponsored their first annual martial arts tournament Sunday. The club hosted the Innisville Karate Club of Barrie and Wong's Karate of Orillia. Local club members performed well said Gary Stevenson of the group.

The Minden club members who placed in the competition included: Novice (12 and under) consolation division: first Emlyn Rossowski, third Kalala Rossowski.

Junior (12-15) winner's division: first Don Schlosser, second Kendal Mintz, consolation division: first Greg Foran.

Senior (16 and over) Winner's division: white belt, first Mike Gorveatt orange belt, third Rusty Thornback, green belt first Steven Wrightman, second Paul Aggett, consolation division: white belt, first Steven Swinson.

The winner's division recieved trophies while the consolation round winners were awarded medallions.

Stevenson said the next definite date for the club is for a demonstration during the agricultural fair in August.

The younger competitors performer a self defence exercise, above, prior to the start of the competition in the afternoon. Below, two competitors strike an aggressive pose prior to start of a match.

HER'S DAY FLYERS

At the station

- submitted -

Rails' End Gallery is a hive of activity, concluding one show and preparing for the summer exhibition.

The Childrens' Art Show concluded a successful month by hosting a performance by "Cirque Alexander". On Friday, May 27, 380 children were treated to "Barrel of Laughs". The energetic presentation of mime, music, clown and puppetry delighted the audience. Indeed, some of the audience, having had their faces made up to look like clowns, seemed to be a part of the performance.

With the Summer Exhibition Sale just around the corner, the Exhibition committee is preparing for a bigger and better show this year. Already many artists and craftspeople have expressed interest.

Many facets of the Sale remain as in years before. The rules of entry and commission fees remain essentially the same.

But some changes have occurred which we think you will enjoy. At the sale you will find musical entertainment, scheduled demonstrations, refreshments and a childrens' play area. An Art Auction of the work of professional artists will be

held on July 16 at 7:00 p.m. A portion of the proceeds from the auction will be going to help support the Haliburton Highlands Guild of Fine Arts. It should be lots of fun to come out and watch and to bid.

Another new event is a professional juried exhibition open to members only. The exhibit will be juried by three professional artists; John Leonard, Albertje Koopman and Ann Mortimer. Participants can enter up to three pieces. The entry fee is \$3 per piece. Prizes are student scholarships at the Haliburton Highlands School of Fine arts for 1984.

The Summer Exhibition runs from June 30 to July 16. The opening, on June 30 at 7:30 p.m. will feature the Guild Choral Society. We are looking forward to a successful Summer Exhibition and Sale and to seeing you there.

1983 graduates

Several universities and colleges in Ontario have announced their list of graduates for 1983. We extend our congratulations to the following area students.

Margaret Erin Gilligan received her Honour Bachelor of Arts degree from Wilfrid Laurier University.

Andrew J. Salvatori of Haliburton has been awarded an Honours Bachelor of Business Administration degree from Wilfrid Laurier University.

Neil E. Walker of Minden received his Honours Bachelor of Business Administration degree from Wilfrid Laurier University.

Sharon Kimble of Minden graduated from Durham College of Applied Arts and Technology in Oshawa.

Pamela Peleato of Ottawa graduated from the University of Western Ontario June 6. She was awarded an Honours Bachelor of Arts Degree in Business Administration. Pamela is the daughter of Mr. and Mrs. Bill Carrell of Minden and has joined the firm of Clarkson Gordon.

Summer staff hired

Summer cannot be too far off as the township of Bicroft has hired the swimming pool and playground staff.

Jeff MacColoough has been hired as head life guard and August swimming instructor. Head life guard for August and July instructor will be Carol-Ann Todd. Assisting will be life guards Heather Vichery and Gloria Grof.

The playground staff for 1983 will be headed by supervisor Shelly Nixon. Assisting will be Karen O'Brien and Debbie Cox.

Appointment of the summer staff was approved by the Bicroft Township council at meetings held May 26 and 30.

Margaret Erin Gilligan has received an Honours Bachelor of Arts Degree in Political Science at the spring convocation of Wilfrid Laurier University in Waterloo. The daughter of Jim and Eleanor Gilligan of Minden, Erin now resides in Kitchener/Waterloo. She will be attending the University of Western Ontario in the fall for the continuation of her education.

Dufour wing windsurfing contest

The Northern Ontario Dufour Wing championship wind surfing competition was held this past weekend at Halimar Lodge on Lake Kashagawigamog. The following are the results from the competition:

Men's light: first Joan Houghton; second Blair Pierce; third Steve Muirhead.

Men's heavy: first David Dixon; second David Richardson; third Jeff Engholm.

Women's competition: first Wendy Ramsay; second Susan Wisswell; third Peggy Lalor.

Looking back

While the Canadian Land and Emigration Company was optimistic about the sale of lots in its ten township area in Haliburton County, a number of events taking place in the world conspired to reduce the attractiveness of the property. Reporting to the Commissioner of Crown Lands, Alexander Campbell, in May 1867, the company noted the following:

Whereas by an agreement entered into the 9th of August, 1864, between the Honorable the Commissioner of Crown Lands and Messrs. F. H. Heward (Francis H. Heward, Toronto, Manager of the Royal Insurance Company), C.J. Campbell (Charles J. Campbell, Manager of the Commercial Bank, Toronto), and Adam Crooks (Adam Crooks (1827 - 1885), solicitor for the Canadian Land and Emigration Company, was called to the Bar in 1852. He was elected to the Legislative Assembly of Ontario in 1871 and in turn held the offices of Attorney General, Provincial Treasurer, and Minister of Education), acting for and on behalf of the Directors of the Canadian Land and Emigration Company, (Limited) it was agreed that on payment of the balance of the purchase money in respect of 362,125 acres of good land, composed within the townships of Longford, Dysart, Dudley, Harcourt, Bruton, Harburn, Guilford, Clyde, Havelock, and Eyre, a patent from the Crown should be issued to the said Company, granting them in fee simple the townships referred to.

Upon survey of the lands so purchased, 261,544 acres were deemed fit for settlement and liable to the conditions set forth in the said agreement of August, 1864...

Several causes have occurred to delay the sale or leasing of the land so acquired by the Company. Among which may be mentioned the war in the United States, commencing shortly after the negotiations for the purchase of the land were completed, and which altogether turned aside the tide of Emigration upon which the Company had calculated for the settlement of their land.

This abnormal condition of affairs had scarcely ceased when it was followed by the Fenian invasion, producing in the minds of the German people (whom the company were then seek-

ing as emigrants, through the medium of an agent specially employed for that purpose), a strong feeling of distrust and a disinclination to select Canada as their future homes, added to this the subsequent war in Germany rendered the outlay incurred by the Company in sending their agent altogether useless. These difficulties of immigration, which were also seriously felt in Great Britain, were further increased by an outbreak of cholera on board the vessels taking out emigrants.

The Company have used every effort to make known the advantages of settlement in Canada by advertising in that Province, in the United States, in the German and Norwegian papers, and in England, and also by the distribution of pamphlets in those countries. Having also by the expenditure of more than \$10,000 in the opening of roads, by advances for the building of Saw and Grist Mills, and for the establishment of steam communication in the townships, and by every other means at their command, exhibited a *bona fide* intention faithfully to carry out their engagements and to fulfil the conditions of the bond, the Directors believe they have a fair claim for consideration and that the Government will be pleased to extend the date (The Department of Crown Lands agreed to this extension (Andrew Russell to C.J. Blomfield, May 27, 1867, *Sessional Papers*, 1868-9, no. 34) from which the time for fulfilment of settlement duties should reckon, from the 1st January, 1865, as specified in the agreement to 1st January, 1868.

The Company beg it to be understood that their exertions will be in no way slackened by such a concession but that they will still continue, by the low price at which they offer their lands, and the other inducements they hold out, to urge on settlement so far as to fulfil at as early a date as possible the conditions stated in the agreement...

by Bert Harrison

Dear readers, by the time this letter reaches you we will be in the month of June, it always was the month of brides and grooms. All this is changed now, we wonder why, many couples are being married now in August or July.

Service in the chapel Sunday night as usual, Harold and Ruth Thompson took the first part and we thought things were going well, the Rev. Burgess took over and said "don't go to hell". He said it is a desperate place, so hot you almost fry, (read Luke 16 verse 23) strive for higher things above, like mansions in the sky.

We wish the sun would shine and the weather would warm up so that we could sit and relax in our new gazebo. It was nice to have a visit with Leslie and Nina Prentice who farmed across from Hyland Crest for a good many years, he kept black polled cattle and I used to buy his steers.

My wife was driven to the dentist by Nurse Wood, she said to me "come along," there is plenty room, the drive will do you good; besides there is something I want you both to see." It was a beautiful flowering crab tree and the tulips at the Post Office, are a sight to see.

Tuesday on this last day of May, Rev. John James of Haliburton came down to take the service here today. We thank him for coming to do his part. He said "Man looks on the outside but God looks on the heart. Our girls came to play and sing, a real jolly pair, Barbara looks so different since she cut her hair.

After being absent several weeks Everett Fearrey and his daughter Tara Lynn came on Tuesday night to play and sing again. We enjoyed them very much and look forward when they will come to play and sing again.

Ted Carr isn't making model trains since they have removed all the tracks, now he is making lovely card racks. It was nice to see Doris again this lovely June day, she is so anxious to get back to work, she just can't stay away. We had Tammy Alton back for a while, she helps serve tables with a cute little smile.

Thursday morning we watched a very interesting movie, "Across the Great Divide", good entertainment they always provide for us.

On the second day of June the ladies from Saint Margarets Church in Wilberforce, brought in a lovely lunch in the afternoon. Some residents say they are putting on weight, but I notice few of us pass up the plate.

Thursday night is Bingo night here at Hyland Crest, members of the Kinsmen Club are our special guests. This week it was Mr. and Mrs. Tom Prentice and the bank manager and wife. I didn't get their names but we thank you for coming and managing the games.

Friday Amelia Good had a grand day, everything turned out fine, her sister Bertha and daughter Irene came and took her out to dine. Bertha lives in Cambridge and her daughter in Guelph, Ontario. They had a splendid day together and Amelia was all aglow.

Friday afternoon is sing song day, Grace Coburn came in from just across the way and Fred Ballard came to play the organ. Grace read some funny poems, "Hot mince Pie", "A new car" and humorous things like that. To these entertainers we take off our hat.

The Ricky Danilko's are filled with glee. They have

HALIBURTON HIGHLANDS CHAMBER OF COMMERCE

— EMPLOYMENT OPPORTUNITY —

The Haliburton Highlands Chamber of Commerce is seeking a Chamber manager. The individual we are seeking will report to the President, Management Committee and the Board of Directors of the Chamber. The successful candidate will manage the program and policies as provided in the constitution and insure they are carried out efficiently and effectively on a regular basis.

Other responsibilities include:

- act as secretary to the Chamber and the Economic Development Committee
- act as treasurer, having full charge of the Chamber's funds, insuring adequate control and accounting of same.
- prepare or acquire, within budget restraints, plans, presentations and reports required for programs and undertakings to be considered by the board.
- organize and administer the budget.
- negotiate and administer contracts, approved by the board, that may be required from time to time.
- supervise office procedure and staff.
- represent the Chamber, in the capacity of Executive Director on committees or boards as directed by the board of directors.
- act as liaison between the Chamber and appropriate Provincial and Federal ministries, Municipal and County Council, service clubs and other organizations to which we relate.

Salary - \$17,000 (plus mileage allowance).

Please submit resumes in confidence by June 11 to:-

Selection Committee, c/o Haliburton Highlands Chamber of Commerce,
Box 147, Minden, Ontario K0M 2K0

Loon count continues

For how long will the eerie call and wild laugh of the loon continue to be heard on Ontario's lakes? To many people, the Common Loon is the very symbol of our wilderness lakes. Yet man is rapidly altering the loon's favoured breeding grounds.

Ontario's 250,000 lakes comprise a major part of the breeding grounds of the North American Common Loon population. However,

many of these lakes are becoming overrun by motorboats and cottages, while others are steadily succumbing to the effects of acid rain.

The Ontario Lakes Loon Survey is seeking information on the status and distribution of loons in Ontario to find out whether the loon is being affected by recreational development and acid rain. If you will be visiting a lake this summer and are

interested in participating in the survey, write to Robert Alvo, Ontario Lakes Loon Survey, P.O. Box 160, Port Rowan, Ontario, N0E 1M0, for a questionnaire. "In 1982 we found strong evidence suggesting that loon productivity is decreasing in acidic lakes", said Mr. Alvo. "We would appreciate hearing from anyone who is

willing to help with our survey."

The Ontario Lakes Loon Survey is a project of the

Long Point Bird Observatory, a non-profit conservation, research and educational organization with headquarters at Port Rowan, Ontario.

Senior league

(from page 18)

added a branch to the family tree. They are tickled to pieces and filled with joy, for they are the proud parents of a baby boy. Congratulations we all send to you, not only to mother but the proud daddy too.

Senior Citizens' Week has been announced and will be held on June 19th to 26th, 1983.

This year instead of the Over 70's Dinner, Hyland Crest Home is having an "Open House and Afternoon Tea", for the seniors on Tuesday, June 21, from 1:30 p.m. to 4:00 p.m.

An invitation to attend has been extended to all who

are over 65 years of age, along with their spouses and/or escort. The tea is sponsored by the Home and will be put on by the staff and volunteers.

Hear of Love

There is beauty in the forest when the trees are grown and fair,

There is beauty in the meadow when the wild flowers scent the air,

There is beauty in the sunlight and the soft blue beams above.

Oh the world is full of beauty, when the heart is full of love.

Bert Harrison

around the county town

by Yvonne Guida

Dear Readers,

I hope that you get as much satisfaction from my column as I do in writing it for you. It entails many days of effort on my part. You must realize, however that I am a non-conformist, a maverick, and I must speak my mind. I refuse to play "the game." Anyone who does not agree with me or who finds me offensive is at liberty to turn the page to something else. However, I hope that I can bring some of you a little lift along the way and make your day a little less mundane and your labors a little lighter. If I can do this then I have accomplished much. This has been my aim. There is a word, integrity, and as a columnist I feel this is a word I can use with impunity-and now to matters of importance.

The St. John's Ambulance Corps is celebrating its 100th anniversary this month. How proud the members must feel about all their accomplishments and how grateful hundreds of

people must be for all their help in time of need. It began with a mere dozen dedicated souls but look at it now! We say God bless you and wish you continued success.

Jack Dempsey died last week of natural causes at the age of 88. He was indeed unique and a great sportsman. I doubt we will see his kind again.

A Tennis Tournament will be held June 19th at 9 a.m. at the Minden Tennis Courts. Two Trophies will be awarded for first place only. Ages 12-15 and 16-18. Please register with Corry Ziorjen before June 15th. The fee is \$1.00 per person.

Unfortunately the program featuring my interview had to be changed from this past Sunday to next Sunday so it will be aired on CFMX from 4 to 5 p.m. Anyone interested may hear it on the 12th of June.

Lutterworth Estates will be holding a dinner at the Wagonwheel on Thursday, June 9th. The festivities will begin at 6:30. For members the tickets are \$7.00 and for non members \$11.00. It should be a fun evening.

I am sorry to report that Wanda Orr of Haliburton, Mr. George Wilson of Stanhope and Mrs. Harry Burns, formerly of Minden passed away last week. Our deepest sympathy to the members of their families.

For your reading pleasure, Ancient Evenings by Norman Mailer.

The winners of last weeks Museum Card Party are as follows—Euchre-high, Hilda Harrison, lone hands, May Spence land low Ethel Leigh.

Art and Betty Turner of Bob Lake have just returned from a pleasant month's holiday in England.

Fred Hewitt from Scarborough, Miss Barbara Grey from Thornhill and Colin Hewitt from Sault Ste. Marie visited with Joyce Hewitt for the weekend. While here Colin attended the graduation ceremonies at Trent University at which time Barbara was graduated. Our congratulations to you Barbara.

The Thrift Shop at St. Paul's will again be open this Friday. So give a look see, you will probably be able to pick up an item that is just the thing you have been looking for.

St. Paul's will be holding a yard sale, the tentative date is June 18th and will begin at 10:00 a.m.

The annual Sunday School and Parish picnic will be held on Sunday, June 19th. It will be held at the Barclay's on the shores of Maple Lake. There will be an outdoor service of holy communion at 11:00 a.m., the music for the service will be led by Dennis Dolloff and Grahame and Debbie Wales, all of who play the guitar. After the picnic come the special activities which include Sunday School awards and Father George's special events. We pray it will be pleasant day, however if the weather is inclement the picnic will be re-scheduled for June 26th.

Last Wednesday, Wanda and Ira Carter and Eleanor

Pye of Minden, journeyed to Beeton to attend the Annual Auxiliary Meeting and Seminar as delegates representing Hyland Crest Senior Citizen's Home. The meeting took place at the Simcoe Manor in Beeton and the principle speaker was Marjorie Mann-the topic Laughter in the Home. Apparently it was a most informative talk, after which a delicious lunch was served and a very enjoyable time was had by all.

There was a tremendous turnout for the annual Agricultural Society's Beef Barbeque Supper and dance, last Saturday night. Everyone enjoyed the delicious repast and danced their feet off to the music of the Misty River Ramblers.

We had a great turnout for the opening of the new exhibit at the Agnes

Jamieson Gallery, the photography of Irwin Karnick, Transportation-A Personal View. Unfortunately the artist was late in arriving due to circumstances beyond his control, however everyone seemed to concur that it is a very interesting show. Do try and come to see it. The hours are from 3 to 5 p.m.

Mr. and Mrs. Earl Hewitt attended a party at the home of Mr. and Mrs. William Blair of Exson, Ontario in honour of Mr. and Mrs. John Johnson, of Houston Texas, who returned home on Saturday.

I was informed yesterday that Mr. John Radford of Belleville, has purchased both stations CFMS-FM and CHUC-AM. There will be a hearing in the near future as to the format of the stations, and Dr. John Meisel, chairman of CRTC has asked listeners to write in as to their preference in this matter. It is to be hoped that many people in the area will write to support the current format of classical music. It is our only hope of getting good classical music. Please address your letters to Dr. John Meisel, CRTC, Ottawa, Ontario. K1A 0M2.

For my friend June Mewhort and other interested readers.

A Thought

Did you ever think that you might be
Guided by Theosophy?
That somewhere deep inside your whirled
Forces from the spirit world?
Calling back from out the ages
Artists too, composers mighty
Some of them a little flighty,
Famous lovers long ago
Plato, Nero, Cicero.
Disraeli cunning, Renoir mild,
Wagner stormy, Oscar-Wilde!
Bach, Beethoven with his woe
Rubens, Michelangelo.
Kahlil Gibran and William Blake,
Scott and his Lady of the Lake.
Bonaparte with all his men,
Voltaire, Lincoln,
Wordsworth, Wren,
And Frederick who was really great,
Louis the Fourteenth and his Mate,
Newton, Washington and Poe
Many who lived long ago,
Some of them may plot their courses
From the ether with their forces.

Yvonne

PITCH IN

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Fine them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun.

Q: Why was the little strawberry so upset?

A: Because his father and mother were in a jam.

Q: Why did the boy scout feel dizzy?

A: Because he did too many good turns.

Q: Why do movie stars keep cool?

A: Because they have so many fans.

Q: Why is a snake smart?

A: Because you can't pull his leg.

Q: Why is a good riddle like a church bell?

A: Because it's frequently told (told).

Q: Why is a sad person like a dentist?

A: Because they both look down in the mouth.

Q: What breaks but doesn't fall, what falls but doesn't break?

A: Day breaks, night falls.

Q: What runs only when it's caught?

A: Nylon stockings.

Q: Why did Jane go outdoors with her purse open?

A: Because she was expecting some change in the weather.

Q: Why are a rooster's feathers always smooth?

A: Because he has a comb.

Q: What jam is hard to swallow?

A: A traffic jam.

Q: What kind of bow is hard to tie?

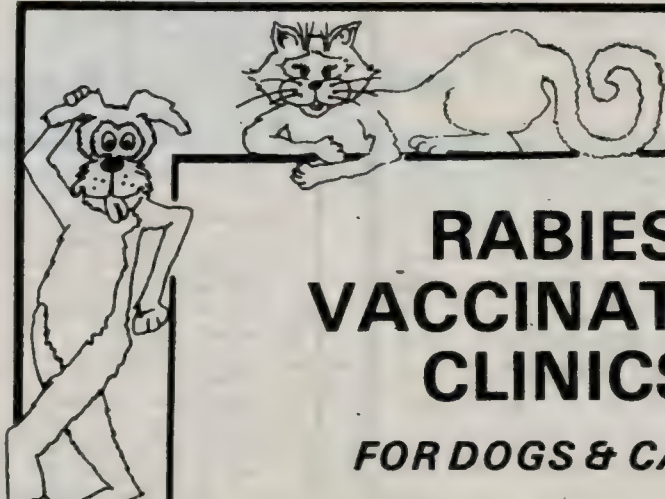

A: A rainbow.

Q: Why should one never tell lies on a farm?

A: Because corn has ears, potatoes have eyes and horses carry tails (tales).

If any of you have jokes that you would like to share please send them to me care of the newspaper.

Bye for now. Take it easy. God bless till next time.

IN MEMORIAM

VOICEY - In loving memory of our dear brother Joseph Henry who passed away on June 10, 1982.

We think of you in silence
And often speak your name,
All we have is a picture
In a frame.
Our hearts still ache in sadness
And silent tears still flow,
For what it meant to lose you,
No one will ever know.

Sadly missed by his 3 sisters,
Annie, Laura, May

Harrison - In loving memory of our dear son and brother Grant, who passed away on June 9, 1980.

So many things have happened
Since you were called away.
So many things to share

IN MEMORIAM

with you
Had you been left to stay.
Everyday in some small way
Memories of you come our way.
Though absent you are ever near
Still we miss you very much dear.

Sadly missed by Mom and brother Harold.

VOICEY—In Loving Memory of a dear Husband, Father and Grandfather, who passed away June 10, 1982.

One sad and lonely year has passed,
Since our great sorrow fell;
The shock that we received that day
No one can ever tell;
God gave us the strength to meet it
And courage to bear the blow
But what it means to lose him
No one will ever know.
It is so lonely here without you

We miss you more each day,
For life is not the same to us
Since you were called away.
You bade no one a last farewell

Not even said goodbye,
You were gone before we realized
And only God knows why.
Sadly missed by wife Alice and all his family.
